

ALIGARH COLLEGE OF EDUCATION ALIGARH

BEST PRACTICES – 2021-22

BEST PRACTICE – 1

The system of continuous and compressive evaluation that makes learning culminated. Normally examiners don't show the copies to examinees but in our college examiners show the copies after checking to examinees with highlighted mistakes so that the examinees came to know their weaknesses and it help them to improve their academic performance. It is very beneficiary in learning teaching process it helps to identify academic weaknesses of each and every students. In Aligarh college of Education students are assessed by presentation internal assessment assignments practical and home works.

BEST PRACTICE – 2

To Make Aware of universal values:

College management always tries to create awareness of Human Rights among students which introduce them the ethical and moral values such as equality liberty, just an equal opportunity which ignite the social sense, moral ethics and rational thinking among the students. So student Act values like helping other, truthfulness, transparency and loyalty and emerge as a good citizen. These practices also taught the spirit of competition and make them able to deal with academic and emotional stress by increasing their source of strength. This process also boost positive attitude and humanitarian values among students.
